**TO WHOM IT MAY CONCERN:**

**RE: YUNG LE:**

I asked Yung Le if I could add this strong letter of recommendation.

I have known Yung for two years, and have worked with him in the Medical Rehabilitation Program and Sports Medicine Clinic at the Workers' Compensation Board.

As you can see from his curriculum vitae, he is superbly qualified. It shows in his clinical practice success. He has treated successfully, impossible and difficult shoulder, back, sacroiliac joint, hip, and knee problems. Each patient he treats with kindness and a quiet professionalism that exudes patient confidence.

I believe your patients will have the best physiotherapy available through treatment at Yung's clinic.

Sincerely yours,

Dr. Anne Wachsmuth, MD  
Dip. Sport Med.
